

HOW TO USE OUR NEW

Instant Puffiness Reducer

1. Cleanse and DRY skin completely
2. Squeeze a rice grain-sized amount on your finger and apply a thin layer only under your eyes, using a light patting motion
3. Limit facial expressions for 3 minutes. The full effect should take place after 15 minutes and last for 6 hours.
4. Don't add any other skincare to the eye area, but you can gently pat on foundation or concealer after 15 minutes
